Letter No. 2440/574 dated 9 February 1893 from the Dy Com^r of Kolar District

Lands required for public buildings in Chikkaballapur

Serial 201.

In Nov^r. 1891 the office of Chickaballapur Sub D^n. was formed

2 2. With reference to the above the Dy Com^r of Kolar asked for an estt and the necessary ~~buildings to hold~~ accommodation therefor

3 ~~Office~~ and suggested that the Munsiffs Court building now nearing completion might be placed at his disposal and the Munsiff be asked to continue to hold office ~~for the present~~ in the temporary building which he ~~was~~ then using

4. 3. In reply he was asked to place himself in Com-munication with the Chief Court

4. With his letter No. 2603/636 dated 31st Dec 1891 the Dy Commr of Kolar submitted plan and estimate of the Munsiff's Court building amounting to Rs 7,440 and stated that a similar building with slight alterations will do for the Sub Dn Office He also stated that he would address the Chf Court and the Chief Engr for the temporary occupation of the Munsiffs Court building by the Sub Dn Officer ~~and~~ Serial No 5

5 The foregoing letter was forwarded to the Chief Engineer for necessary action Serial No 6.

6. With regard to the lands required for the purpose the Dy Commr submitted an alienation statement ~~of lands~~ which Serial No 7.

included the portion proposed
to be given to the Revenue
for building a bungalow
and proposed a Compensation
Serial No 8 of Rs. 1250 for the lands which
he said
was paid to the owners in
anticipation of sanction

Serial No 9. 7 In reply he was asked
to explain certain discrepancies
in regard to the extent of the
land required and the
Govt declined to sanction
4 acres and 22 guntas
of revenue paying land to Mr Rice for
a private purpose The
action of the Dy Commr in
paying Compensation in
anticipation of sanction
was Condemned : Informn
was also desired as to
the rate of compensation
fixed for adjoining land

whereon the Munsiffs
Court building was
Constructed

8. The Dy. Comm^r now Serial No 10
submits ~~his explanation~~
~~It is to the effect~~ that the
discrepancy in his statement
is due to an error The Extent
required for the Sub Dn Office
is 1 acre and 16 guntas
The Sub Dn. Officer's explanation
in regard to land for his
Quarters is Contradictory, & that
the building ought to have
been so placed as to leave
a part of the land to
be sold to private persons
As it is too late to mend
matters the Dy Com^r solicits sanction
to the whole Extent measuring
4 acres and 22 guntas
being allotted for the purpose.
9. With regard to the land
required by Mr Rice the
Dy Com^r states that he is
in Communication with

that

that gentleman and when his views are ascertained he will address Govt separately

10. Referring to the question of Compensation, the Sub Division Officer says that it is much cheaper than what was paid for lands taken up for Munsiff Court buildings the same being at 200 Rs per acre against Rs 280 and the amount had to be paid at once and the lands taken possession of in order that the owners might raise any crop thereon

In Conclusion both the Sub Div. Officer & the Dy Commr. reports that orders have been issued to grant other lands in Exchange for the Talukar service Inam lands taken up

12. Under the circumstances detailed above it is respectfully submitted that the alienation of lands required for the Labour office & Quarters with the amount of compensation paid therefor Mayfee sanctioned and further report regarding land required for PW Office Mayfee awaited The buildings are reported to be progressing.

With reference to your letter No: 1377/11 dated the 23rd Ultimo to the address of the Chief Engineer regarding the construction of Office and Quarters for the Sub-Division Officer, Chickballapur, and in continuation of this office Docket No: 510/120 dated the 30th I deem submitting an alienation statement of lands proposed to be taken up for the above purposes, I have the honor to submit for information the accompanying copy of the Sub-Division Officer's letter No: 329 of the 30th April 1892 on the subject and to state that under the special circumstances therein represented, the sum of Rupees 1250 being the compensation fixed by him for the lands has in anticipation of sanction been paid in advance to be adjusted on receipt of Government Sanction. I solicit the favor of early orders in the matter

2 The Executive Engineer has been requested to arrange for the early construction of the buildings

3 In his letter above quoted, the Sub-Division Officer states that the extent of the land taken up for his office is 1a-28 while the same as shewn in this

office alienation statement prepared on the in-
formation furnished by that Officer is 1a-1r-16. He has
been requested to explain the discrepancy and intimate
the correct extent which will be reported on receipt of
his reply.

Sir,

With reference to Government Proceedings No. 8765-/R. 1109-92 dated the 18th/21st December 1892 relating to the acquisition of certain lands (I) for the construction of office and quarters for the Sub Division Officer at Chikballapur, (II) to the allotment of a piece of land in favor of the Reverend Mr Rice for the construction of a Private Bungalow and (III) to the payment of a compensation of Rs 1250 for a portion of the land taken up for the Sub Division Office and Quarters, I have the honor to submit for information the accompanying Copy of the Sub Division Officer's letter No. 435 of the 30th Ultimo

furnishing

explained. I beg therefore to solicit that the action taken in the matter may be approved.

6. The discrepancy in the area of Survey No. 208 has been reconciled in para 5 of the Sub Division Officer's letter quoted above.

7 Orders have been issued for the selection of land to be granted in exchange for the Talawar Service Inam land taken up for the Sub-Division Office.

8. The enclosures received with the Government Order under acknowledgment are herewith resubmitted.

I have the honor to be,

Sir,

Your most obedient Servant,

Deputy Commissioner.

Issue

Government to be excessive as it is now too late to rectify matters, I beg to recommend that the entire extent of 4 Acres and 22 guntas may kindly be alienated for the Sub Division Officers Quarters

4 In regard to the observation contained in para 4 of the Government Proceedings under reply regarding the land (4 acres and 22 guntas) purchased by Mr Rice, for the construction of a Bungalow, I beg to state that I am in communication with him as to the terms under which he would wish to hold the land and when his views are ascertained I shall address the Government separately on the subject.

5. The amount of compensation actually paid for the lands taken up for the Sub Division Office and officer's quarters was Rs 1190 at Rs 200 per acre which is a reasonable rate and the necessity for an immediate payment has been fully explained

furnishing explanation on the several points raised in the Government Order under advertence.

2. It will be observed from the same, that the extent of land taken up for the Sub Division office is 1 acre and 16 guntas as shewn in the alienation Statement and that the discrepancy arose from an error in totalling.

3. The Sub Division Officer's explanation (para 3 of his letter) in regard to the utilization of the whole extent of 4 acres and 22 guntas for the construction of his Quarters is rather contradictory and does not seem to afford a sufficient justification for the action taken by him in the matter. He should have arranged for the building being so placed as to admit of the part of the land which he thought might be spared for sale to private individuals being readily given up in the event of the extent proposed for his quarters being considered by

Sir,

With reference to Government Proceedings No: 8765 / R. 1109-92 dated the 18th / 23rd December last relative to certain lands acquired for the construction of the Sub-Division office and Officers quarters and for a bungalow to be constructed by the Reverend Mr Edward Rice, I have the honor to state as follows:

Para 2 of Govt. Proceedings.

2. The extent required for the Sub-Division office is Acre and 16 guntas and not 28 guntas. The discrepancy arose from an error in totalling. Compensation has

District Court, for the lands taken up for the Munsiff's Court building The Court decreed Rs 200 per acre, besides 15 per cent on the same and the whole of the costs payable by Government. This raised the rate to something like Rs 280 per acre.

5. The total extent of No: 208 is 5 Acres and 4 guntas of which gunta was originally Phodi Kharab which has been brought under cultivation Para 6.

6. Orders have already been issued to Amildar to select some land in lieu of the Talari Inam. Para 7.

7. In conclusion I have the honor to report that the buildings both the Sub Division Officer's quarters and the office are progressing rapidly.

whole extent

Para 5. 4. The references from the Deputy Commissioner's office were addressed in April and May last and the orders of Government were passed on the 18th/20th December 1892. If compensation had not been paid promptly and the Lands acquired by the Deputy Commissioner, all this time may have been lost. There was one chief difficulty which necessitated early action. If the Lands had not been taken up at once the owners would have raised a crop on them and the lands could not have been obtained before the crop was removed without compensating for its loss which would have added to the heaviness of the total amount of Compensation. As regards the rate of compensation, I beg to point out that Rs 200 per acre is very much cheaper than Government has had to pay under the decree of the Nandidroog Division —

District

has actually been paid for 1 acre and 16 guntas only, the total amount paid being Rs 1190 at Rs 200 per acre for 5 acres and 38 guntas (1 acre 16 guntas for the office + 4 acres and 22 guntas for quarters). The Cheque received from the Deputy Commissioner was for Rs 1250. Of this sum Rs 1190 was paid to the parties and the balance Rs 60 repaid into the Treasury.

3. The situation of the Land with reference to the roads is such that a smaller extent could not conveniently make the Compound. In the statement submitted from this office, a remark was added that if the whole extent was considered excessive part of it may be given away to private individuals. No orders having been received, the Executive Engineer who had been asked to commence the building at once, has so placed the building that it is impossible now to do without the whole Para 3.

With reference to Deputy Commissioners docket-No: 4096/2596 dated 30th May last has the honor to submit the Chickaballapur Amildars explanation on the alleged discrepancy From this and the Survey Akarbund herewith forwarded it will be seen that including Darasth the assessment on Survey No: 207, as fixed by the Survey Department is annas 8. Though the extent of this number is 24 guntas, yet only 8 guntas of it is cultivable, and hence the

recommendation for the remission of the full assessment.

As regards Survey No 209, the proportionate assessment on the 26 guntas entered in the remission statement will amount to Rs 1-4-2, but under the Darasod rule only Rs 1-4-- is Chargeable

A revised alienation Statement is therefore submitted
